

SUN

3

Sun protection clip-ons • Plano lenses • Special UV protection

Overspecs

– with interchangeable lenses

- 100 % UV-A and UV-B protection up to 400 nm
- Polarised lenses
- Anti slip effect due to silicone temple end parts

8960 ..     

Frame 65 mm 40 mm 15 mm 150 mm 25 g

Inter-change-able lenses 65 mm 40 mm 15 mm

NEW

8960 00 Black matt
Grey (80–85 % tint), polarising

8960 01 Havana
Brown (80–85 % tint), polarising

8960 02 Bronze
Brown (80–85 % tint), polarising

Including:

+

Interchangeable lenses
polycarbonate, orange (70 % tint),
enhances color contrast

Case and microfibre bag
for storage

Lenses change easily

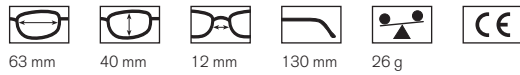

Orange tinted lenses neutralize blue light and related negative effects. The lenses give clearer vision particularly in cloudy and foggy weather conditions.

Overspecs – rectangular

- 100 % UV-A and UV-B protection up to 400 nm
- Polarised lenses

All overspecs include case and microfibre bag

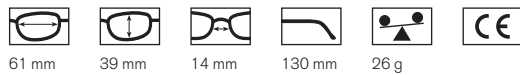

8961 01 Havana
Brown (80–85 % tint), polarising

8961 00 Black
Grey (80–85 % tint), polarising

Overspecs – oval

- 100 % UV-A and UV-B protection up to 400 nm
- Polarised lenses

8962 01 Havana
Brown (80–85 % tint), polarising

8962 00 Black matt
Grey (80–85 % tint), polarising

Clip on “Flip up” – flip-up function, especially slim

NEW

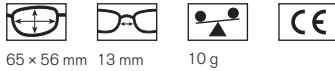

- New: with interchangeable lenses
- Extremely thin (10 g) therefore ideally suitable for rimless frames
- Patented mounting system to allow simple and easy fitting
- Clip-on fits close to the lenses (approx. 2 mm) – thus less annoying reflections
- Silicone buffer on the mounting avoids scratches on the lenses
- Easily and gently flipped up to three positions (60°/120°/180°)
- Special high-quality product from Japan
- All parts in stainless steel to ensure particularly long life
- 100 % UV protection

Top Product

Including soft case

65 x 56 mm 13 mm

10 g

- Polarising
- Easy to cut

9330 11 Grey (80–85 % tint)

9330 10 Brown (80–85 % tint)

9330 12 Green (80–85 % tint)

Interchangeable lenses

9330 23 Yellow
(70 % tint)

9330 24 Red
(50 % tint)

Can be set to three different positions

Clip-on fits close to the lenses

Clip-on “Standard” – flip-up function, different sizes

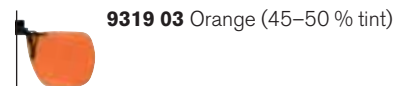

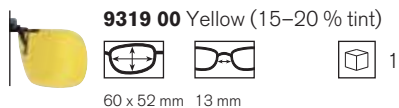

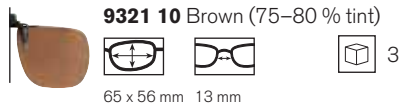

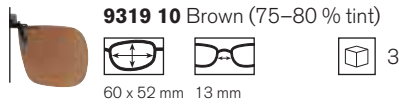

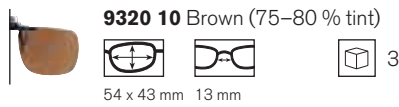

- 100 % UV protection
- Polarising and easy to cut

Including case and microfibre cloth

- Polarising
- Easy to cut

Yellow clip-on with a slight polarising effect

Mounting set

2 different mounting systems for flip-up or clip-on

Flip-up mounting

- Including screws
- Self-attaching through spring mechanism

6

9318 00 Black

Clip-on mounting

- Including screws
- Silicone ends

6

9317 00 Black

shoptic ”

Flip up “Standard” – flip-up function, without polarisation

- 100 % UV protection
- Not polarising
- Easy to cut
- **Polycarbonate lens**, thickness 1 mm

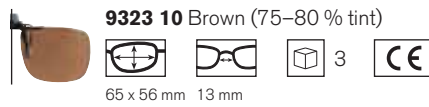

Including case and microfibre cloth

NEW

- Not polarising
- Easy to cut

Sun Clips

Flexible sun protection fits more than 90 % of all frame shapes. Just select shape, size and colour: ready to go!

Sun Clip

- Adjustable to perfectly fit every bridge size
- 100 % UV protection

Case

- Free of charge with every sun clip
- Available separately

97001011

Polarising

Get the size template – then the clip!

Order the size template first

With the size template it is easy to find out the right clip-on shape. All clip-on models will be shown in original size 1:1. You will find over 200 different options.

Supplied free of charge

Select the right clip-on with this size template!

Just select the matching clip-on for the frame, then choose the colour – easy!

Without polarising effect

Advantages of polarising spectacle lenses:

- Strong reduction of annoying light reflections
- Improved contrast and more relaxed vision thanks to less glare
- Ideally suitable for use whilst driving to reduce distracting glare

With polarising effect

Orientation of base 8 lenses:

The CR 39 lens in base curve 8 is ideally suited for **glazing of modern sports frames with strong deflection**. Particularly in the area of sports frames **a distortion-free image** is essential, this is ensured by the **pre-decentration of the spectacle lenses with base curve 8**. In addition the lens offers **100 % UV protection**.

Poltest

– testing device for polarised lenses
